

# Be Blessed

Too many storms have passed your way  
And you're all washed out cause it rained on your parade  
Seems nobody cares about you anyway  
Now you're living your life like a castaway  
Searched for strength inside was it all in vain  
Cause the deeper you dig you find more and more pain  
Don't let your tomorrow be like yesterday  
Cause I spoke to God, I called out your name  
And on your behalf, I just asked if He would be there for you , I want you to

Be Blessed, Don't live life in distress  
Just let go, let God, He'll work it out for you  
I pray that your soul will be blessed  
Forever in his rest, Cause you deserve his best no less

Enter a place where you never have to cry  
Never have to live a lie, never have to wonder why  
Never want for nothing you're always satisfied  
In the peace that his arms will provide  
He will erase any guilt or shame, any bad habits you've got  
You won't wanna do em again, Yes we all can change, I can testify  
See I spoke to God, I called out your name  
And on your behalf, I just asked, If he would be there for you , I want you to

[Repeat ★]

Oh, My prayer for you today, Is that you trust and always obey

On His name keep calling.  
He'll keep you from falling.  
He'll supply the answers.

[Repeat ★]

Be blessed from the bottom of your feet to the crown of your head, Your life be blessed

Your family be blessed, Your finances be blessed.

Yeah, yeah,yeah,yeah,yeah. Give it to Jesus.
